Dear Ms. Dortch:

On behalf of Riviera Telephone Company, Inc. ("Company"), JSI files the attached confidential version of the FCC Form 481 ETC annual reporting information pursuant to sections 54.313 and 54.422 of the Commission's rules.¹ Company seeks confidential treatment under Protective Order for section 54.313(f)(2) financial information.² The redacted version is being filed this date via the FCC's Electronic Comment Filing System. In addition, attached is a letter requesting confidential treatment under Sections 0.457 and 0.459 of the Company's Five-Year Service Quality Improvement Plan Progress Report required by Section 54.313.³

Please direct any questions regarding the filing to the undersigned.

Sincerely,

John Kuykendall

**Re: WC Docket No. 14-58
2016 ETC Annual Report of Riviera Telephone Company, Inc.
Study Area Code 442134
Request for Confidentiality**

Dear Ms. Dortch:

John Staurulakis, Inc. ("JSI"), on behalf of its client Riviera Telephone Company, Inc. (the "Company") hereby requests, pursuant to Sections 0.457 and 0.459 of the Commission's rules,¹ withholding from public inspection certain information contained in an attachment to the above referenced reporting requirement. The Company provides the following in support of its request, numbered consistent with the subparagraphs of Section 0.459(b).²

1. The information for which the Company is seeking confidential treatment is an attachment to the Company's annual reporting information pursuant to Sections 54.313 and 54.422 of the Commission's rules ("Report").³
2. Pursuant to Section 54.313, Rate-of-Return Eligible Telecommunications Carriers ("ETCs") must file with the Commission a Progress Report on its Five-Year Service Quality Improvement Plan ("Progress Report") which is contained in the attachment to the 2016 Report.⁴
3. The information contained in attachment for which the Company seeks the withholding from public inspection is the entirety of data pertaining to the Company's Progress Report provided at FCC Form 481 Line 112 attachment. Information of this nature is confidential commercial information routinely withheld from public inspection.

¹ 47 C.F.R. §§ 0.457, 0.459.

² 47 C.F.R. § 0.459(b)(1) through (9).

³ 47 C.F.R. §§ 54.313, 54.422.

⁴ 47 C.F.R. §§ 54.313.

4. With respect to identifying the degree to which the subject attachment concerns a service that is subject to competition, the information is of a financial and competitive nature regarding the provision of telecommunications services. The Line 112 attachment contains competitively sensitive information related to proposed improvements or upgrades and maintenance the Company's network.

In its *March 5, 2013 Order*, the FCC. The FCC specified that for rate-of-return carriers, the five-year plans "should describe the carrier's network improvement plan, which should provide greater visibility into current plans to extend broadband service to unserved locations in rate-of-return service territories."⁵ The Company's Progress Report updates this information as well as provides maps and detailed information as to whether or not network improvement objectives were achieved at the wire center level. Accordingly, because the Company is a rate-of-return carrier, it must file Progress Reports which contain proprietary, competitively sensitive information related to the Company's existing network including the specific locations of customers as well as describe proposed improvements or upgrades and maintenance of its network throughout its service area. Specifically, this information sets forth services provided by the Company over its existing network including specific locations of customers as well as planned network improvement and maintenance for the years 2015 through 2019 including project start and completion dates, population that will be impacted by the improvements and upgrades at the wire center level and projected capital costs associated with the improvements and upgrades and operating costs associated with maintaining the network including depreciation for investments that have already been made. As such, this information contains competitively sensitive information related to the Company's existing network as well as detailed plans at the wire center level for network upgrades and maintenance projected for the years 2015 through 2019.

5. With respect to identifying possible exposure to competitive harm, the information contained in the Line 112 attachment is information that is not customarily released to the public. This information is proprietary to the Company, is unique to the Company's serving territory and is only known to the Company and its authorized agents. If the Information is not protected, it would have economic value to potential competitors who would be able to target their marketing to specific customers. In a competitive telecommunications marketplace, this type of information is highly sensitive. If publicly disclosed, it would enable competitors to craft business plans that capitalize on their knowledge of the locations of the Company's customers which would place the Company at a competitive disadvantage.
6. With respect to steps the Company has taken to ensure against unauthorized disclosure of the information contained in the attachment, the Company is filing

⁵ See *Connect America Fund et al.*, WC Docket 10-90 *et al.*, Order, DA 13-332 (rel. Mar. 5, 2013) ("*March 5, 2013 Order*") at para 9 citing Section 54.202(a) (1) (ii).

Request for Confidentiality

the attachment under seal. The Company uses the information contained in the Progress Report to ensure that its customers continue to receive state-of-the-art high quality telecommunications and broadband services that the Company has been providing to them for many years as well as to satisfy mandatory reporting requirements and does not share the information for which protection is sought. The Company protects the secrecy of this information with a security protocol that ensures the information is not inadvertently disclosed or disseminated. Only directors, managers and employees with a direct need to know are authorized to access the information.

7. Any previous versions of this information are not publicly available.
8. Because the information is not routinely available, a need exists for maintaining the confidentiality of this information permanently.
9. Not applicable.

Based on the preceding, JSI respectfully requests on behalf of the Company that the Commission grant confidential treatment under Section 0.459 to Company's Progress Report provided at FCC Form 481 Line 112 attachment.

Please contact the undersigned with any questions regarding this request.

Sincerely,

John Kuykendall

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.

Response to Line 510 - Service Quality Standards and Consumer Protection Rules

Compliance – Voice and Broadband

In establishing this certification in its *2005 ETC Order*,¹ the FCC found that an ETC must make “a specific commitment to objective measures to protect consumers.”² The FCC found that for wireless ETCs, compliance with CTIA’s Consumer Code for Wireless Service would satisfy this requirement and that the sufficiency of other commitments would be considered on a case-by-case basis.³ In this context, the FCC stated, “to the extent a wireline or wireless ETC applicant is subject to consumer protection obligations under state law, compliance with such laws may meet our requirement.”⁴

Riviera Telephone Company, Inc. (“Company”) hereby certifies that its voice service complies with applicable service quality standards and consumer protection rules under the Texas Administrative Code, Title 16, Part II, as established by the Public Utility Commission of Texas. These obligations include, but are not limited to, the following: (1) filing a Local Exchange Tariff which discloses rates, terms and conditions of service to customers pursuant to Subchapter J requirements in Sections 26.201-26.230; (2) adherence to state consumer protection requirements

¹ *Federal-State Joint Board on Universal Service*, CC Docket No. 96-45, Report and Order, FCC 05-46 (rel. Mar. 17, 2005) (“*2005 ETC Order*”).

² *Id.* at para. 28.

³ *Id.* The FCC noted that under the CTIA Consumer Code, wireless carriers agree to: “(1) disclose rates and terms of service to customers; (2) make available maps showing where service is generally available; (3) provide contract terms to customers and confirm changes in service; (4) allow a trial period for new service; (5) provide specific disclosures in advertising; (6) separately identify carrier charges from taxes on billing statements; (7) provide customers the right to terminate service for changes to contract terms; (8) provide ready access to customer service; (9) promptly respond to consumer inquiries and complaints received from government agencies; and (10) abide by policies for protection of consumer privacy.” *Id.* at n. 71.

⁴ *Id.* at n. 72.

governing telephone providers as identified in Subchapter B, in Sections 26.21-26.37; and (3) service quality standards requirements as identified in Subchapter C, Sections 26.51 -26.57. In addition, the Company complies with numerous federal consumer protection standards including, but not limited to: (1) Truth-in-Billing Rules outlined in 47 CFR § 64.2401; and (2) compliance with Federal CPNI rules, Red Flag Rules and other applicable federal and state requirements governing the protection of customers' privacy.

For its broadband service, Company hereby certifies that while there are no applicable state broadband service quality standards and consumer protection rules yet established under the Texas Administrative Code by the Public Utility Commission of Texas, the Company discloses rates, terms and conditions on its public web site and the Company complies with applicable federal and state customer protection standards generally applicable to all businesses operating in Texas. In addition, the Company adheres to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C. 47 C.F.R. Part 8 §8.3. The Company furthermore will comply with all requirements set forth in the *2015 Open Internet Order*, as it applies to the Company.

**Response to Line 610 - Ability to Function in Emergency Situations
for Voice and Broadband**

Riviera Telephone Company, Inc. (“Company”) hereby certifies that it is able to function in emergency situations as set forth in the Code of Federal Regulations, Title 47, Part 54, Subpart C, §54.202(a)(2)¹ and the Texas Administrative Code. The Company’s network is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can change call routing translations as needed to reroute traffic around damaged facilities. Changing call routing translations also allows the Company to manage traffic spikes throughout its network, as emergency situations require.

Specifically, the Company is able to function under emergency operations in accordance with Public Utility Commission of Texas Substantive Rules §26.51 *Reliability of Operations of Telecommunications Providers* and §26.52 *Emergency Operations* which include obligations for continuity of service and emergency operations planning and service provision capability for dominant carriers. Any central office not equipped with permanently installed standby generators contains as a minimum four hours of battery reserve without voltage falling below the level required for proper operation of all equipment. In addition, all central offices without installed

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to “demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations.”

emergency power facilities have a mobile power unit available which can be delivered and connected on short notice.

The Company's standby generators and battery back-up equipment support both voice and broadband network equipment in the event of an emergency situation.

Rates, Terms and Conditions for Lifeline Service

(Response to Form 481, Line 1210)

Local exchange service rates and charges as specified below are for basic local exchange service, including Tone Dialing Service, and facilities only. The rates for other ancillary services not specifically shown below are presented in Riviera Telephone Company Inc.'s tariff(s) on file with the Public Utility Commission of Texas. Unless otherwise specified, the rates and charges quoted below are for a period of one month, payable in advance and provide unlimited flat rate calling within the local exchange calling scope.

Residential Local Exchange Access Line Rates:⁽¹⁾⁽²⁾

Exchange Name	R-1 Rate
Loyola Beach	\$17.65
Riviera	\$17.65
Sarita	\$17.65
Armstrong	\$17.65

⁽¹⁾ Above listed fees do not include mandatory taxes, fees and surcharges, including, but not limited to Texas Universal Service Fund charges, 9-1-1 fees, and municipal franchise fees.

⁽²⁾ Qualified Lifeline customers are eligible for Lifeline credits or discounts as outlined in the attached Lifeline tariff.

LOCAL EXCHANGE SERVICE

IV. LIFELINE PROGRAM

The Lifeline Program is a retail local service offering designed to make telephone service available at reduced rates to qualifying low-income customers.

A. General

1. A qualifying low-income customer subscribing to the Lifeline Program shall receive a maximum of \$9.25 in federal support and up to \$3.50 in state support as a reduction to their monthly tariffed residential local exchange access line rate in accordance with Chapter 47 CFR § 54.403 and Commission Substantive Rule 26.412.

2. Nothing in this section shall prohibit a customer who is otherwise eligible for the Lifeline Program from obtaining and using telecommunications equipment and services designed to aid such customer in utilizing qualifying telecommunications services.

3. Lifeline Program reductions only apply to basic service and do not apply to non-basic service or to surcharges, taxes, long distance service, 976 and other information related telecommunications services. Customers may subscribe to these services, including bundled service where available, however, the Lifeline discount only applies to the basic service charge of the bundled service.

4. The Lifeline Program rate reductions do not apply to service connection charges.

5. The Company shall waive monthly number portability charges, subject to the tariff, for Lifeline customers.

LOCAL EXCHANGE SERVICE

IV. LIFELINE PROGRAM

A. General (Continued)

7. The Company may not disconnect the service of a Lifeline Program customer for the non-payment of toll charges. However, the Company reserves the right to implement toll blocking, at no charge, if the customer incurs a significant balance of unpaid toll bills. The Company will inform the customer, by direct mail, of this change to their service due to the customer's non-payment of toll charges. Upon the customer's payment of all outstanding toll charges, the Company shall remove mandatory toll blocking at the customers request.

8. Upon subscribing to the Lifeline Program, a customer will be offered a subscription, at no charge, to toll blocking service (in exchanges where technically available) which denies the customer access to the long distance telecommunications network; however, the customer is under no obligation to accept the subscription to toll blocking.

9. The Lifeline Program rate reductions will not be available on a retroactive basis except by direction of the Low Income Discount Administrator (LIDA) or the Commission.

B. Designated Lifeline Program Services

The company shall offer the voice telephony services or functionalities as identified for support in 47 CFR § 54.101, including voice grade access to the public switched network or its functional equivalent; minutes of use for local service provided at no additional charge to end users; access to the emergency services provided by local government or other public safety organizations, such as 9-11 and enhanced 911, to the extent local government in an eligible carrier's service area has implemented 9-1-1 or enhanced 9-1-1; and toll limitation services to qualifying low-income consumers.

IV. LIFELINE PROGRAM (Continued)

C. Eligibility Requirement

1. Qualifying Low-Income (Eligible) Customer Criteria

The Lifeline Program rate reductions will be provided per eligible customer. An eligible customer shall be defined as an individual whose annual household income is at or below 150% of the federal poverty guidelines, an individual who is an eligible resident of Tribal lands, or who participates in, or who has a person or child who resides in the customer household who participates in, at least one of the programs identified in Chapter 47 of the Code of Federal Regulations § 54.409 and in P.U.C. Substantive Rule 26.412 regarding consumer qualification for Lifeline.

2. Obligations of the Customer

D

a. Customers whose annual household income is at or below 150% of the federal poverty guidelines but do not receive benefits under the above programs may contact the LIDA to self-enroll in Lifeline Program benefits. Current customers receiving benefits under these programs will be subject to the Lifeline Program automatic enrollment procedures of the LIDA unless they provide a written request to the Company to be excluded from the Lifeline Program.

b. A customer who is eligible for the Lifeline Program but does not have telephone service shall be responsible for initiating a request for the Lifeline Program from the Company.

IV. LIFELINE PROGRAM (Continued)

C. Eligibility Requirement

3. Obligations of the Company

a. The LIDA shall provide a list of eligible customers to the Company on a monthly basis. Upon receipt of the list, the Company shall begin reduced billing for those customers within 30 days unless a customer notifies the Company, in writing, that the customer does not wish to enroll in the Lifeline Program.

4. Discontinuance of Service

a. If a customer no longer qualifies for the Lifeline Program, the LIDA shall provide a direct mail notice advising the customer that the lifeline Program discount will be discontinued within 30 days unless the customer notifies the LIDA that an error has been made. If the customer notifies the LIDA of an error, the lifeline Program discount will continue for an additional 30 days to allow the customer adequate time to correct records. If the customer has not obtained an affirmation of eligibility by the end of the 60-day period, Lifeline program discounts may discontinue and the customer's service and billing will continue at applicable tariffed rates.

2. The Company may charge a service deposit if:
 - a. The eligible customer denies subscription to toll blocking upon subscribing to the Lifeline Program.
 - b. The Company receives a Commission waiver from having to provide toll clocking due to technical limitations.
3. In instances where the Company may require a service deposit, the same credit verification procedures and deposit regulations used for all applicants who apply for service with the Company are also applicable to eligible customers for the Lifeline Program.

E. Service Connection Charges

1. Service connection charges do not apply to eligible customers with exiting, qualifying service converting to the Lifeline Program.
2. Service connection charges do apply when:
 - a. Existing eligible customers request additional non-qualifying services at the time Lifeline Program reduced billing is initiated.
 - b. New customers (those without existing local exchange access service) eligible for the Lifeline Program establish service.
 - c. Customers make subsequent moves or changes after the initial connection to the Lifeline Program.
3. In instances where service connection charges apply, customers qualifying for the Lifeline Program automatically qualify for the Link-Up America Program and may be eligible to receive a reduction in the applicable service connection charges as provided in Section 2 of this tariff.
